To Whom It May Concern:

I am pleased to recommend Jennifer Palombit who has been a long term substitute teacher at Farmington High School since April. Mrs. Palombit's placement was divided between Jewelry and Digital Photography. Within those two disciplines, Mrs. Palombit's students ranged from beginning level through advanced. Mrs. Palombit seemed instantly comfortable within the classroom setting and the transition went very smooth.

During this placement, she consistently demonstrated creativity, careful planning and sensitivity to the needs of all students as she worked with a diverse student population. She spent a great deal of her free time making lesson samples, and monitoring students who needed extra help.

Mrs. Palombit's artistic knowledge as well as enthusiasm for education in general served our program well in further developing aesthetic awareness and student growth. Mrs. Palombit has proven to me that she has the ability and potential to be an excellent art teacher. During her substitute teaching experience she quickly built a positive rapport with all students in her classes. Further, her commitment to the arts as well as her belief in the importance of education was apparent when she enthusiastically helped to create wonderful art displays of student work. These art displays are further evidence of the quality experiences she provided for our students. She also extended an opportunity to enrich the viewer of the showcases by including educational learning statements and information to help aid the viewer into the art making process. The dynamic senior art displays received several compliments from students, administration and staff.

Mrs. Palombit's passion for the arts was evident to me from the very first days that she was put in charge of two FHS art classes. She was very comfortable in the class and relied on her inherent art ability to serve her teaching style.

Again, I am confident that Mrs. Palombit will be an excellent addition to the art education field. If you have any questions, or would like additional information, please feel free to contact me at 248-426-2944.

Sincerely,
